PREZIOSA
YOUNG

OUR ESTEEMED INTERNATIONAL CONTEST AND EXHIBITION DEDICATED TO
SHOWCASING THE TALENTS OF EMERGING JEWELLERY ARTISTS.

Since its inception in 2008, Preziosa Young has served as a vital global platform, championing new artists, goldsmiths, and designers. It has significantly driven the evolution of research jewellery and unveiled groundbreaking creative work. Throughout its various editions, the contest has been a powerful springboard for selected artists, enabling them to build successful careers, secure gallery representation, and gain further recognition, thus solidifying PY's long-standing reputation for excellence. An international jury, comprising experienced curators, renowned artists, and insightful critics, undertakes the rigorous selection process. They choose a limited number of outstanding young artists from all submitted applications. The names of past jurors and winners can be viewed [here](#).

Preziosa Young is fully supported and expertly organized by Le Arti Orafe (LAO), the prestigious Jewellery School based in Florence since 1985. 2. LAO special prize

One artist shortlisted by the jury will be awarded a one-week residency in Florence, by invitation of LAO. This prize includes free access to the school's workshops and facilities. The selected artist will also be required to hold a meeting with a group of students to present their own work and professional journey, and to share their educational and professional background, etc. To be considered for this residency prize, shortlisted artists interested in this opportunity must submit a separate application to the contest's secretary.

SELECTION PROCESS

The jury will review all submitted images and texts for selection. If deemed necessary, candidates may be requested to send physical objects for final evaluation.

EXHIBITION(S)

The exhibition featuring the jewellery of the selected artists will debut in Florence in Spring 2027. In the following months, the exhibition will travel to other cities and galleries, with a schedule to be published after the winner announcement.

A high-quality online catalogue will be published, featuring a short biography, full-color images, and a description of the work of each selected artist. A limited number of physical catalogues will also be printed for the exhibitions.

By entering the competition, candidates automatically accept the obligation, if selected, to provide their works for all scheduled exhibition events. Winners must send an appropriate number of objects for the exhibitions, as specified by the organizers. These pieces must be the same (or belong to the same series) as those submitted for the selection process.
